You need to submit proof that you are the holder of a valid travel insurance policy, either individual or in group, covering the cost of **medical expenses, hospitalization costs, repatriation of mortal remains and repatriation for medical reasons** while traveling in Belgium and in other Schengen countries. Please note that a medical **insurance card alone is not sufficient** proof.

Minimum coverage must be at least 30,000 EUR and costs must be paid directly to the provider in Belgium by the insurance company. You will have to show proof of travel/accident insurance when entering the Schengen area.

The insurance policy should **cover the whole duration** of your planned stay.
